(1) The calculation of the adjusted EPRA earnings takes into account the correction of a number of company-specific non-cash items and corresponds with the distributable result.

(2) Due to changes in the calculation method for this indicator, the 2022 comparative figures have been adjusted to allow for correct comparability.

(3) Care Property Invest only runs a vacancy risk for the project 'Tilia' in Gullegem. For the projects of the initial investment programme, the risk is transferred to the counterparty and the Company receives the ground rent, regardless of the occurrence of a certain vacancy. Also for the new projects, the Company tries to transfer all or a large part of this risk to the counterparty. On 31 March 2023 there is 1 vacant service flat for the 'Tilia' project.

KEY FIGURES P&L STATEMENT⁽¹⁾

Exposure to interest rate increases offset by yearly indexation of all lease contracts.

Increased adjusted-EPRA earnings (7.93%) compared to 2022, net rental income increased mainly through indexation.

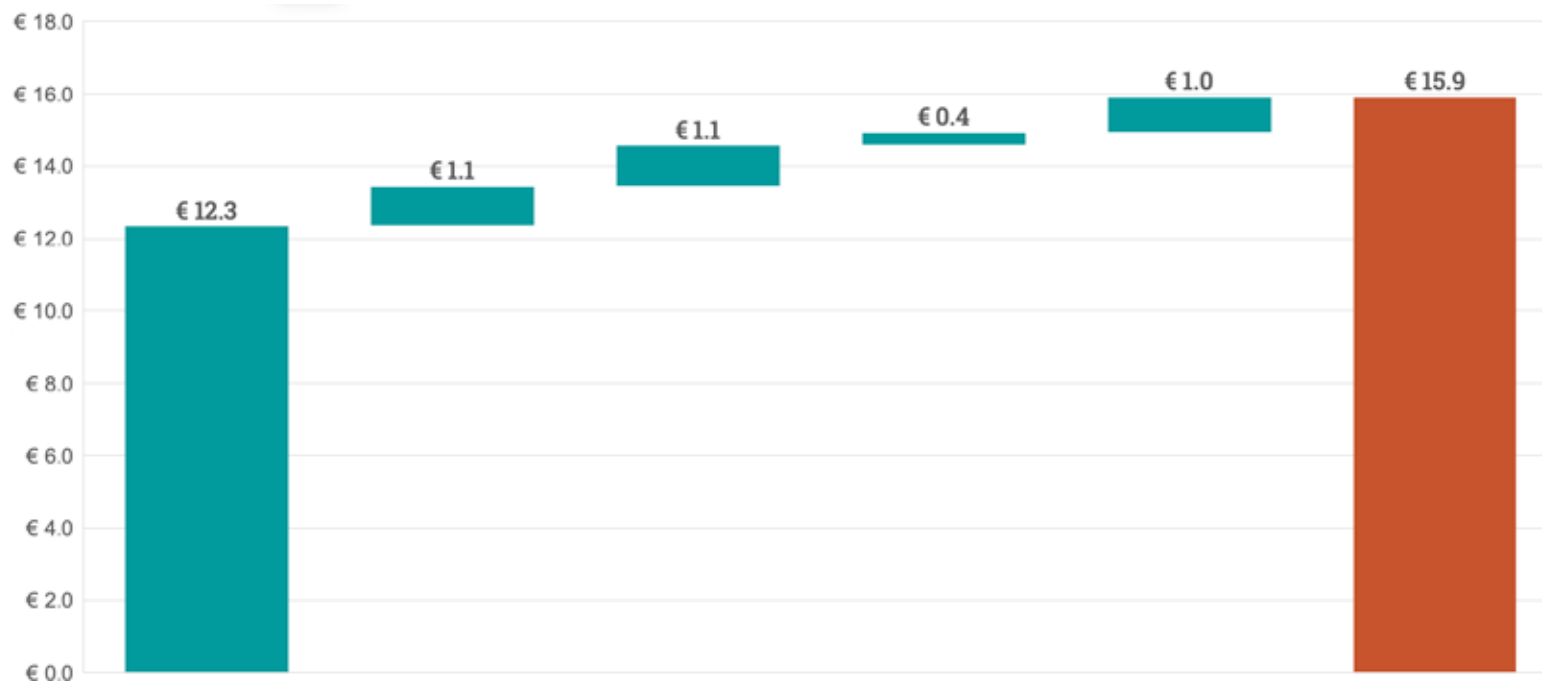

A gross dividend of €1.00/ share will be proposed to the general meeting for 2022 and CPI aims to keep this stable for 2023.
