NL - AGREEMENT FOR THE ACQUISITION OF A CARE RESIDENCE IN ZELHEM

Schoten, Belgium – 3 September 2019

Care Property Invest announces the agreement under suspensory conditions for the acquisition of the care residence 'De Gouden Leeuw', located in Zelhem in the province of Gelderland.

After realisation of the suspensory conditions, the Company will acquire the real estate of this project through a Dutch subsidiary. The residential care facility 'De Gouden Leeuw' Zelhem offers the possibility of permanent residence in 33 residential care apartments and also has 7 rooms for rehabilitation stays.

The project is situated in the centre of Zelhem, a municipality of Bronckhorst, and is located in the former town hall.

The operation of the project is and will continue to be carried out after the actual acquisition (expected in the 2nd half of 2019) by Woonzorgvoorziening de Gouden Leeuw Zelhem B.V., part of 'De Gouden Leeuw Groep', on the basis of a new long-term leasehold agreement of the 'triple net' type with a minimum duration of 25 years (renewable).

The conventional value of this project amounts to approximately €10.1 million.

Quote Peter Van Heukelom, CEO of Care Property Invest:

'This is the seventh residential care project that we will effectively acquire in The Netherlands. In addition, this will be our second cooperation in a short period of time with De Gouden Leeuw Groep, a Dutch family company that offers a range of professional services in the field of housing, care and wellbeing. The total number of projects in our real estate portfolio would amount to 109.'

The operational management

The operation of the project is and will continue to be carried out after the actual acquisition by Woonzorgvoorziening de Gouden Leeuw Zelhem B.V.. This company is part of 'De Gouden Leeuw Groep', a family company that has been active in the private care sector since 2000 and now operates two care locations in the east of the Netherlands.

'De Gouden Leeuw Groep' offers tailor-made care, adapted to the personal wishes and situation of its clients. This personal care demand can range from domestic care services in one's own living environment, daytime activities, temporary stays in a care hotel all the way up to living, including care, in one of the accommodations of 'De Gouden Leeuw Groep'. It offers professional services in the field of housing, care and wellbeing to people of all ages in the areas of domestic care services, residential care services, nursing home care services, out-of-hospital care and terminal care.

The property will be made available by means of a new long-term leasehold agreement of the 'triple net' type, which can be indexed annually with a minimum duration of 25 years (renewable).

The property

The care residence is located in the former town hall of Zelhem, a municipality of Bronckhorst. The former municipality of Zelhem has three residential areas: Zelhem, Halle and Velswijk, as well as a number of hamlets and a beautiful nature-rich, extensive rural area.

The former town hall dates from approximately 1867 and is part of the care complex. The care complex underwent a complete (re)development in 2007. The building consists of 3 floors above ground and has 33 spacious residential care apartments as well as 7 rooms for rehabilitation stays. 'De Gouden Leeuw' Zelhem is equipped to welcome both people with a light and a heavy care need.

Transaction

Once the suspensory conditions have been fulfilled, Care Property Invest will acquire the real estate of this care residence through a Dutch subsidiary.

This property has a conventional value of approximately €10.1 million. This value is largely based on and in line with the valuation of the real estate expert. The entire amount will be financed with loan capital.

...

Care Property Invest would like to reconfirm its desire to expand its real estate portfolio in the future with health care infrastructure in Belgium, The Netherlands, as well as elsewhere in the European Economic Area.

...

Caution regarding forecasts

This press release contains forecasts involving risks and uncertainties, amongst others statements regarding plans, objectives, expectations and intentions of Care Property Invest. Readers are cautioned that such forecasts involve known and unknown risks and are subject to significant business, economic and competitive uncertainties which are mostly beyond Care Property Invest's control. If one or more of these risks or uncertainties materialise or should, if applied, basic assumptions prove incorrect, the final results may significantly deviate from the anticipated, expected, estimated or projected results. Consequently, Care Property Invest cannot assume any responsibility for the accuracy of these forecasts.
